## Discover the Secrets of Vedic Astrology

The Nakshatras are the 27 lunar mansions that mark the path of the Moon across the sky. They have been used in Vedic astrology for centuries to understand the influence of the stars and planets on our lives. Each nakshatra is associated with a specific deity, symbol, and meaning, which can provide insights into our personality, relationships, and destiny.

In this book, *The Nakshatras: The Stars Beyond the Zodiac*, author Dr. David Frawley provides a comprehensive guide to the nakshatras. He explains their history, mythology, and symbolism, and provides detailed information on each of the 27 nakshatras. He also shows how to use the nakshatras to create a birth chart and to understand the planetary influences in our lives.

*The Nakshatras* is an essential resource for anyone interested in Vedic astrology or the ancient wisdom of India. It is a book that will help you to

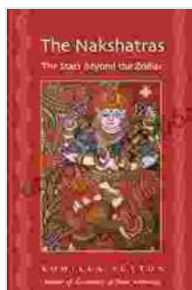

understand yourself and the world around you in a new way.
